HOME DESIGN

Designed for long, narrow blocks, this home combines practical family living with seamless indoor-outdoor flow. A welcoming entry leads to a flexible media, work or play room, while generous storage, a dedicated mudroom and spacious laundry add everyday convenience. Open-plan living connects to the alfresco through wide-opening bi-fold doors, with a private main bedroom at the rear.

MODERN COUNTRY

A fresh take on modern country, blending crisp whites, natural timber, black accents and classic shaker detailing. Warm textures and VJ panelled feature walls bring character and a relaxed Hunter region country feel, balancing rural charm with contemporary Australian living.
